

## **Financial Re-enrollment Letter**

A financial consult will need to be completed prior to registration. Please call the school office to make an appointment to meet with Mrs. Milano in the Business Office if you have not already done so. You can also email Mrs. Milano at [mmilano@pinetreeacademy.org](mailto:mmilano@pinetreeacademy.org) to arrange an appointment. All financial arrangements should be completed by **July 31, 2016**. Mrs. Milano is currently available for appointments Monday-Wednesday and Friday. You should be receiving your latest statement and 2016-2017 financial plan in the mail in the near future. Please review this for any missing information.

For local church assistance, contact your pastor as soon as possible and ask the church treasurer or pastor to confirm the amount of assistance to PTA. If you wish to apply for student aid, please request this application from the Business Office.

If you are already participating in the FACTS tuition management payment plan you do not need to reapply with FACTS; PTA will update your plan. Please contact the Business Office if you have never been on this program at PTA.

Please note that music and several other items are on a pay-as-you-go basis, and are not a part of the Financial Plan. You will sign up for these activities when you register for school in August.
